STORM DRAINAGE DESIGN AND TECHNICAL CRITERIA

## Final Drainage Study

for

The plans are reviewed for concept only, and the review does not imply responsibility by the reviewing department, the town engineer, city engineer, or the town of Bennett for accuracy and correctness of calculations. The review does not imply that quantities of items indicated on the plan(s) are the final quantities required. The review shall not be construed for any reason as acceptance of final responsibility by the town or reviewing departments for additional items and additional quantities of items shown that may be required during the construction phase.

STANDARD SPI	CIFICATIONS
Approved for one year from this date:	
Town Engineer	Date,
Or;	
Designated Town Representative	Date

OWNER OR REPRESENTATIVE

RY

hereby cer	tifies that
the drainage facilities for , shall be constructed according to the design in this report. I understand that the Town of Benne and will not assume liability for the drainage facilities designed and/or certified by my engineer and that the Bennett reviews drainage plans pursuant to Colorado Statutes, Title 30, Article 28, but cannot, on behavious design review will absolve	lities ne Town of Revised lf of al drainage
design review will absolve and or their successors and /or assigns of future 1 improper design, I further understand that approva Plat does not imply approval of my engineer's drain	iability for l of the Final age design.
